AR Arkansas Statewide Interoperable Communications Tabletop Exercise  
Date: December 3, 2019

The Cyber and Infrastructure Security Agency (CISA), Emergency Communications Division (ECD), Interoperable Communications Technical Assistance Program (ICTAP), in partnership with the Arkansas Statewide Interoperability Coordinator Penny Rubow, is pleased to invite you to the Arkansas Statewide Interoperable Communications Tabletop Exercise.

Description: This exercise is designed to discuss operable and interoperable communications taking place in the state during a major multi-agency incident. We will have multiple phases of discussion and are looking for a mixture of leadership, line level, and communications participants from LE, Fire, EMS, and EM backgrounds.

Exercise Goal: 
The goal of this exercise is to discuss communications policies, procedures, plans, available assets, and capabilities used by regional agencies in response to a significant multi-jurisdictional incident.

Exercise Objectives:
- Review the operable and interoperable communications available to or required by exercise participants in accordance with existing operational procedures and regional response plans.
- Discuss the ability of the participating public safety personnel to rapidly and effectively establish interoperable communications in the case of a major, multi-agency incident.
- Enhance the overall readiness of the region in the event of an actual emergency involving a large-scale disaster.

| Location:  |
| ADEM  |
| Training Room A, B, & C  |
| Camp Robinson Bldg 9501  |
| North Little Rock, AR |
