

Things you will need before your department registers you to take the Part-time/Auxiliary course.

You will need a department to sponsor you, which means they will turn in all the required documents listed on the F-1 (Initial Employment document)

After you receive your CLEST-ID number, your department will enroll you in the online portion of the part-time class.

Before you enroll in the class make sure that the officer has complete and given you the certificates for the following two classes. You will need these to enroll the officer.

Completion certificate for NIMS ICS 100:

To locate this course: Go to www.clest.org, go to the resources tab and pick this course for the link.

Make sure to save your certificate or completion. You will need to upload it to enroll in the online portion of this class.

Completion certificate for TIMS Training:

Follow this link:

To locate this course: Go to www.clest.org, go to the resources tab and pick this course for the link.

Make sure to save your certificate or completion. You will need to upload it to enroll in the online portion of this class.

Completion certificate for NIMS ICS 700

To locate this course: Go to www.clest.org, go to the resources tab and pick this course for the link.

Make sure to save your certificate or completion. You will need to upload it to enroll in the online portion of this class.

Enabling Objectives:

- * List three roles of police in society and three areas of possible conflict in the community.
- * Define community policing and describe the components and principles of community policing.
- * Explain the areas of importance when dealing with the media.
- * List the steps involved in problem solving policing.

ACCIDENT INVESTIGATION – 2 HOURS

Terminal Objectives: This class is a basic introduction to accident investigation.

Enabling Objectives:

- * Define basic trafficway and accident investigation definitions
- * List the objectives of a traffic investigation
- * List the responsibilities of the law enforcement officer once they arrive on the scene.
- * List the information that should be included in the traffic report.
- * Know the steps a law enforcement officer should take when he/she is arriving at the scene.
- * List important steps to take when caring for an injured person.
- * Know what should be considered when calling for additional assistance
- * List safety rules when dealing with flares.
- * Know the basic steps of beginning a traffic investigation

EXAMINATION – 2 HOURS

NIMS ICS 100 – 2 HOURS

Terminal Objective: ICS 100, Introduction to the Incident Command System, introduces the Incident Command System (ICS) and provides the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS). The Emergency Management Institute developed its ICS courses collaboratively with:

- National Wildfire Coordinating Group (NWCG)
- U.S. Department of Agriculture
- United States Fire Administration's National Fire Programs Branch

Enabling Objectives:

- * Explain the principles and basic structure of the Incident Command System (ICS).
- * Describe the NIMS management characteristics that are the foundation of the ICS.
- * Describe the ICS functional areas and the roles of the Incident Commander and Command Staff.
- * Describe the General Staff roles within ICS.
- * Identify how NIMS management characteristics apply to ICS for a variety of roles and discipline areas.

TIMS TRAINING – 4 HOURS

Terminal Objectives: This class familiarizes the first responder with standardized practices and terminology used in responding to incidents on the nation's roadways.

Enabling Objectives:

- * Use a common set of practices and advance standards across all responder disciplines
- * Equip responders with a common set of core competencies and assist them in achieving the TIM National Unified Goal of strengthening TIM programs in the areas of Responder Safety, Safe, quick clearance, and prompt, reliable, and interoperable communications

NIMS ICS 700 – 4 HOURS

Terminal Objective: This course provides an overview of the National Incident Management System (NIMS). The National Incident Management System defines the comprehensive approach guiding the whole community - all levels of government, nongovernmental organizations (NGO), and the private sector - to work together seamlessly to prevent, protect against, mitigate, respond to, and recover from the effects of incidents. The course provides learners with a basic understanding of NIMS concepts, principles, and components.

Enabling Objectives:

- * Describe and identify the key concepts, principles, scope, and applicability underlying NIMS.
- * Describe activities and methods for managing resources.
- * Describe the NIMS Management Characteristics.
- * Identify and describe Incident Command System (ICS) organizational structures.
- * Explain Emergency Operations Center (EOC) functions, common models for staff organization, and activation levels.
- * Explain the interconnectivity within the NIMS Management and Coordination structures: ICS, EOC, Joint Information System (JIS), and Multiagency Coordination Groups (MAC Groups).
- * Identify and describe the characteristics of communications and information systems, effective communication, incident information, and communication standards and formats.

VALOR TRAINING - 6 HOURS

Valor Ambush Attacks
Valor Casualty Care-Get off the X
Valor Casualty Care-Tourniquets
Valor Characteristics of Weapon Concealment
Valor Common Indicators of a Potential Attack
Valor Deadly Mix
Valor Foot Pursuits
Valor Mental Health and Wellness
Valor Officer Involved Shooting

Valor Physical Health and Wellness
Valor Responding to Individuals in Crisis
