The deadline for returning your completed Excel spreadsheet form for the audit of unsubmitted sexual assault evidence inventory is December 31st of each year.

• How do I return the completed inventory form to Arkansas State Crime Laboratory?

Forms should be completed electronically in Excel, saved and submitted to the Arkansas State Crime Laboratory via electronic mail to lisa.channell@crimelab.arkansas.gov

• Does my agency/medical facility need to complete the inventory form if we do not have any sexual assault kit or any associated evidence in our custody that would need to be counted for purposes of the inventory?

Yes, even if you do not have any sexual assault kits or associated evidence that need to be included in the inventory, you will need to complete the top (Agency/Health Care Provider Information) portion of the inventory form and then check the box immediately below the Sexual assault Specific Inventory Information heading on the form to indicate that you do not have any evidence in your custody that are required to be included in the inventory.
Inventory

- Do we need to inventory Suspect sexual assault evidence that is in our custody?

  No, Suspect kits and associated evidence should not be included as part of the inventory. Only Victim sexual assault evidence should be included in the inventory.

- What if a sexual assault case did not have a sexual assault kit collected, but the victim's underpants, bedding or other evidence was collected – does it need to be included in the inventory?

  The inventory is being collected to capture information about sexual assault kits and any associated evidence collected from victims. Other evidence collected from victims (underpants, bedding or other evidence) should be included in the inventory when a sexual assault kit was not collected.

Inventory Form Entry

- What if I cannot find my agency in the dropdown menu?

  Agencies are listed alphabetically in the dropdown menu. If your agency is not listed, please scroll to the bottom of the dropdown and click on “Other (Please Indicate Below)” and then type your Agency Name in the blank field in the row below the Agency Name row.

- How do we make entries for “Anonymous/blind report/Jane Doe Sexual Assault Kits”?

  - Anonymous/blind report/Jane Doe Kit (no victim information)
  - Incident currently under investigation
  - Not relevant for evidentiary purposes (e.g., suspect claims consent) or
  - Not necessary for prosecution (e.g., suspect confessed)
  - Victim recanted story
• Filing a false report
• Prosecution declined
• Victim elected not to participate further in criminal justice process / refuses to prosecute
• Other (please explain)

Note: If “Other (please explain)” is the reason selected, "Explain Here" will appear in the “If Reason Sexual Assault Kit Not Submitted Is Other” column to the right, and you will need to specify the reason that the evidence was not submitted in that column.

Evidence Submission

• How do I know if a Victim’s Sexual Assault Kit/Evidence has been previously submitted to the crime lab for testing? (Not Applicable for Health Care Providers)

If there is a red or fiber evidence tape sealing the outside of the sexual assault kit that has been initialed and/or a barcode that is an indication that the kit was previously submitted to for testing. If you are still unsure, you may contact the Evidence Receiving Section at (501) 683-6100 or e-mail at andrea.swift@crimelab.arkansas.gov

• Do we need to submit the Sexual Assault Evidence included on the inventory form to the Arkansas State Crime Laboratory for testing after the inventory is completed? (Not Applicable for Health Care Providers)

Sexual Assault Kits and associated evidence should not be submitted to the lab at this time just because they are included in the inventory; however, any sexual assault kit in your agency’s custody that you determine needs testing should be submitted to the lab.
