EXCELLENCE – PROFESSIONALISM AND CONTINUOUS IMPROVEMENT IN ALL WE DO

DIVISION GOALS:

2. IMPROVE DIVISION RECRUITMENT AND RETENTION
3. EFFECTIVELY COMMUNICATE WITH PUBLIC
4. IMPROVE DIVISION EFFICIENCY

Strategy detail:

- *Notify staff of the program*
- *Request applications to serve as mentor*
- *Select mentors*
- *Train mentors on the policies and procedures*
- *Assign mentors to recruits*

GOAL 2: IMPROVE DIVISION RECRUITMENT AND RETENTION

ASP Goal 3 aligns with State of Arkansas Goals: Grow, Safe, Efficient and Responsive, and Quality of Life.

Measurable Objective 1: Develop competitive hiring package for recruitment by July 1, 2022

Strategy 1: **Review uniformed personnel insurance benefits for efficiency and retention**

Strategy detail: The uniformed employee's health insurance plan is self-insured and allows the state to provide this benefit at no cost to those employees in the uniformed services. However, the plan lacks adequate funding to maintain the current level of claim payments and is a benefit that is at risk. The current plan should be reviewed to determine if there are new efficiencies that can be implemented to allow the plan to continue and if not, what other options exist.

Strategy 2: **Human Resources will develop an information packet regarding state benefits to be placed on website, social media advertising, hiring official packet, etc.**

Strategy detail: Contents of the information packet should include more details about state benefits for positions to attract more applicants. Open positions are typically only advertised on arstatejobs.com. ASP has an extensive following on social media. Posting information about open positions on social media and the Department website in addition to the state job site should increase the number of qualified applicants for hard-to-fill vacancies.

Strategy 3: **Increase Trooper Salary to highest paid officers in the state**

- Strategy detail:*
- *Director must communicate with legislators to secure funding to raise trooper salaries to improve recruitment/retention of Commissioned Officers*
 - *Survey LE Agencies statewide to determine if ASP troopers are the highest paid in the state*

Measurable Objective 2: Improve Division recruiting and retention efforts for commissioned personnel by June 30, 2022.

Strategy 1: **Explore new recruitment methods**

Strategy detail: ASP uses traditional recruiting methods that have changed little over time. Assigned personnel should research and explore best practices of other police agencies to determine if new methods for recruiting are having a positive impact and if such methods could be adopted by ASP.

GOAL 3: EFFECTIVELY COMMUNICATE WITH PUBLIC

ASP Goal 4 aligns with State of Arkansas Goals: Grow, Educate, Safe, and Efficient and Responsive.

Measurable Objective 1: Continue/Expand Community Outreach Programs in the biennium

Strategy 1: Promote and utilize Department internship program

Strategy detail: Utilizing interns for special projects or assignments is a great way to build relationships with the community and educational institutions. Offering a student an opportunity to learn could lead to a better applicant pool of trained professionals wishing to enter into law enforcement service. It is also a good economic endeavor as most internships are unpaid in exchange for the experience.

Strategy 2: Attend community meetings/events to share information about the Department

Strategy detail: Taking time to attend public meetings/events is helpful in fostering relationships with the public. During the planning process, the Department recognized the need for a more coordinated effort for command level personnel to be involved in such community meetings and events.

- *A more formal process should be developed to coordinate efforts to ensure that command level representatives are present at various public events and meetings.*
- *A process should be developed for monthly report on the meetings/event attended and include the type of meeting/event, what type of information was shared, the community response, etc. and the format to submit the monthly summary to the PIO.*

Strategy 3: Share Department information & make presentations at law enforcement association meetings and other law enforcement special events

Strategy detail: ASP's vision is "the premier law enforcement agency of the state." In order to accomplish this task, it is vital for ASP to be involved with other branches of law enforcement. The Department should ensure that representatives are involved in making presentations that highlight the roles and responsibilities of ASP and include information about available services and expertise we can offer if requested.

Strategy 4: **Develop a division overview video that could be shared by any division employee when necessary**

Strategy detail: In order to bring a consistent message to those we serve, it is vital for a division overview video, or similar tool to be developed. The overview should include key services, information about assistance that the Division can provide, etc. Any member of the Division asked to make a presentation could use this tool.

Measurable Objective 2: Grow partnerships with educational institution

Strategy 1: **Establish partnerships with educational institutions**

Strategy detail: Developing partnerships with educational institutions could assist the Department in providing training, building an educated applicant pool, and ensuring that future leaders have the opportunity to learn from our employees. Educational institutions look for guest speakers to inform students about the benefits of public service, key services, etc. Such partnerships could benefit not only the school and its students, but the Department as well

Tasks to be completed include but are not limited to:

- *Contact universities to develop partnership for job recruiting (civilian and commissioned)*
- *Determine if the institution will consider scholarships or tuition discounts for ASP employees*
- *Determine if there are programs or options the institution may have that will benefit ASP employees*

GOAL 4: IMPROVE DIVISION EFFICIENCY
