

Welcome to the Arkansas State Police Concealed Handgun Carry Online Licensing System

1. Apply for a Concealed Handgun Carry License

Click [here](#) if you wish to obtain a new Arkansas Concealed Handgun Carry License.

After you complete and pay for your license online, you will receive a confirmation number from this online system. You will need to include this number on the training certificate you received from your instructor.

A list of Instructors is available [here](#).

Applicants are also responsible for obtaining a complete, classifiable set of fingerprints through livescan submission by a harvester. It is strongly suggested that fingerprinting be accomplished by a trained fingerprint technician, either through your local law enforcement agency or a private fingerprinting business from the listing of fingerprint harvesters. Once the application is submitted online (above), you will receive a confirmation number and Fingerprint submission form. Take the fingerprint submission form (with confirmation number and name) to a fingerprint harvester, list available [here](#). The harvester will electronically send your fingerprint scans to the AFIS section. Even though your fingerprints may have been completed before, for other licenses/certifications and may be on file with the FBI, they will have to be submitted again for each new carry license application submission.

E-mail, fax or mail a copy of the training certificate and fingerprint submission form to our office.
